Terry-Coffee would be great. I'm pretty open so you let me know when works for you ;-)
I have been offered a few sub roles (including at our charters where there are some sympathy absences) but unfortunately am at jury duty toay. Hopefully the strike won't last too long, nor will the jury duty!
Best,
Maya

My cell stays the same (347-661-6186) but this is my personal email. I still don't know what is next for me so if you hear of anything interesting please let me know. In the meantime, please stay in touch and I look forward to watching CSI's continued growth.
